Programme Notes

Aaron Copland, Clarinet Concerto

Copland clarinet concerto is the only clarinet work written by Copland. In this work, Copland integrates his unique music style into it, which makes this piece have both jazz style and soft style.

Jörg Widmann, *Fantasie*

Widmann's Clarinet work shows the extreme technical performance of clarinet, and also shows a trace of wild clarinet. This piece is also one of the representative works of the clarinet modernist school.

Programme notes by Yang Rongze.
